

**ST. MARK'S LUTHERAN SCHOOL  
2007-2008 SCHOOL FEES**

The tuition fees for the children of members of St. Mark's cover about 15% of the cost to operate the school. Tuition fees for the children of members are relatively low when compared to the actual cost of operating the school because it is expected that those families are also supporting the school with their regular Sunday offerings to the church. The offerings of the entire congregational membership cover the balance of the operational expenses.

Financial assistance is available to families who need help with the tuition fee for students in grades K-8. The general guideline is that a family whose income qualifies them for reduced rate lunches would also qualify them for tuition assistance.
